Justification for expedited processing

Justification for Expedited Processing: I respectfully request expedited processing of this FOIA request based on the compelling need to inform the public about the Connecticut Department of Social Services' administration of the Acquired Brain Injury (ABI) Waiver Program. This program is of significant public interest as it directly impacts the well-being and rights of individuals with acquired brain injuries – a vulnerable and often underrepresented group in our community. The timely dissemination of this information is crucial for ensuring public confidence in the program's administration and effectiveness. It will also assist in fostering informed public dialogue and potential advocacy regarding the quality of care and services provided to individuals under this program. Delay in the release of this information could potentially impact the welfare of individuals relying on the services provided under the ABI Waiver Program and hinder public understanding of the program's current efficacy. Therefore, an expedited review and response to this request would significantly contribute to the public's understanding of a matter of considerable importance. I understand that under FOIA guidelines, expedited processing can be granted if the requester demonstrates a compelling need related to public interest or urgency. I believe this request meets these criteria, given its focus on a critical public health and social welfare issue. Thank you for considering this request for expedited processing. Here we go again, blowing the whistle.

Yesterday

CCCi Care Manager Doreen Andrews informed a client during a quarterly meeting that she referred him to SLG CBT provider Dr Bissman without his consent. Doreen informed the Team that Dr Brissman is the only person he can use. This appears to be a corruption of decision-making, patient steering, unfair competition, monopolization efforts, kickbacks, and/or inducements for Medicaid Referrals. Storrs Mansfield consumer A.J.

Will DSS please stop care management from forcing Medicaid referrals on consumers?

The client may be reporting this to Fed Medicaid fraud.

Thank you for taking the time to speak with me today. Please forgive me if I seemed upset, I am sorry. I am a brain injury survivor myself and have PTSD. Sometimes in stressful situations, I have challenges communicating clearly. Here are some examples of some challenges. Now that I know not to contact Dr Giffard with challenges and I will try not to bother you. I do believe that something appears off with past and current referrals and a consumer's right to choose.

Again

Thanks David! They are aware of this. If the client doesn't like to see the CBT at her office, they can either work out a different arrangement for a setting for a team meeting of the clients choice or the client can find a different CBT to work with. There is no pressure for the client to go anywhere. Looking forward to speaking further to you Thursday.

Would DSS please ask Care Management to advise the consumer of their right to choose, as they may feel pressured and obligated to go to the SLG location? The SLG CBT is also scheduling weekly CBT services with the consumer at the SLG location.

If the consumer wishes to hold the Team meeting at SLG then yes the ILST should go as part of the team. If he or she is not comfortable going is there another person who knows the client that can attend?
 Thanks!

Hello all,
 Coincidentally a quarterly ABI Waiver meeting is scheduled at SLG on December 8th at 10 am.
 The consumer is attending in person with ABI Resources staff.
 With the current concerns and conflict of interests, would DSS or care management please provide a directive, must ABI Resources provide services at the SLG location on the 8th?

DSS Commissioner Dr Gifford,

ABI Resources provides ABI Waiver program services for a consumer now receiving Behaviorist services from SLG The Supported Living Group LLC. ABI Resources employees are consistently poached from, by, and at SLG. SLG also poaches consumers of Medicaid program services. Consumers are pressured or forced to receive behaviorist services at the SLG location. Agencies and providers are pressured and forced to provide services at SLG locations. CCCi care management directs the ABI Waiver team meetings at the SLG location. There is a magnitude of significant conflicts of interest that exist for both Medicaid consumers and providers.

ABI Resources is being bullied and pressured to provide Medicaid services at competitor locations. This appears to be a corruption of decision-making, patient steering, unfair competition, monopolization efforts, kickbacks, and/or inducements for Medicaid Referrals.

Will DSS address, correct, and provide clarity for these Medicaid-Funded program challenges, today?

David Medeiros

Dear Mr. Medeiros:

This letter is to acknowledge receipt of your Freedom of Information Act (FOIA) (5 U.S.C. § 552) request and to provide you with a tracking number. The Centers for Medicare & Medicaid Services (CMS) received your FOIA request on **September 21, 2023**, pertaining to **“The Supported Living Group”**.

To check the status of your request as it is being processed, please refer to the CMS FOIA website at <https://foia-request.cms.gov/check-status> and enter the control number and PIN (listed at the top of the page) that has been assigned to your request.

Once we complete our initial analysis of your request, we will initiate a search for responsive records. If, however, we determine that your request needs clarification, we will contact you. Additionally, if our searching units advise us that you have requested a voluminous number of records that requires extensive search, production, and review, we will contact you to discuss options for narrowing the scope to process your request as quickly and efficiently as possible.

Please note that CMS receives a very high volume of FOIA requests. The following unusual circumstances, as defined by 5 USC § 552(a)(6), may affect our ability to fulfill a FOIA request within 20 business days. These include circumstances such as (1) the request requires us to search for and collect records from multiple components and/or field offices; (2) the request involves a voluminous number of records that must be located, compiled, transferred to this office, and reviewed. In addition, given our high volume of requests, and in accordance with federal regulations, our processing policy includes factors such as the date and complexity of the request.

The FOIA assumes that requesters are willing to pay fees up to \$25.00. If estimated fees to process your request exceed \$25.00, we will notify you and may suspend processing until we receive written confirmation that you are willing to pay the estimated fees. Additionally, if the estimated fees exceed \$250.00, the law authorizes us to collect the fees *in advance* of processing the request.

If your request sought a fee waiver or expedited processing, we will send additional communication to provide you with our determination decision(s).

If you are not satisfied with any aspect of the processing and handling of this request, please contact Angelica Holland at .

ABI Resources LLC

Willimantic, CT 06226

Dear Mr. Medeiros.

This letter is to acknowledge receipt of your Freedom of Information Act (FOIA) (5 U.S.C. § 552) request and to provide you with a tracking number. The Centers for Medicare & Medicaid Services (CMS) received your FOIA request on **November 21, 2023**, pertaining to **“Medicaid Acquired Brain Injury (ABI) Waiver Programs”**.

To check the status of your request as it is being processed, please refer to the CMS FOIA website at <https://foia-request.cms.gov/check-status> and enter the control number and PIN (listed at the top of the page) that has been assigned to your request.

Once we complete our initial analysis of your request, we will initiate a search for responsive records. If, however, we determine that your request needs clarification, we will contact you. Additionally, if our searching units advise us that you have requested a voluminous number of records that requires extensive search, production, and review, we will contact you to discuss options for narrowing the scope to process your request as quickly and efficiently as possible.

Please note that CMS receives a very high volume of FOIA requests. The following unusual circumstances, as defined by 5 USC § 552(a)(6), may affect our ability to fulfill a FOIA request within 20 business days. These include circumstances such as (1) the request requires us to search for and collect records from multiple components and/or field offices; (2) the request involves a voluminous number of records that must be located, compiled, transferred to this office, and reviewed. In addition, given our high volume of requests, and in accordance with federal regulations, our processing policy includes factors such as the date and complexity of the request.

The FOIA assumes that requesters are willing to pay fees up to \$25.00. If estimated fees to process your request exceed \$25.00, we will notify you and may suspend processing until we receive written confirmation that you are willing to pay the estimated fees. Additionally, if the estimated fees exceed \$250.00, the law authorizes us to collect the fees *in advance* of processing the request.

If your request sought a fee waiver or expedited processing, we will send additional communication to provide you with our determination decision(s).

If you are not satisfied with any aspect of the processing and handling of this request, please contact Angelica Holland.

You also have the right to seek dispute resolution services from:
