NEW: Additional Information. Please review the new attachment.

****Subject: Immediate Investigation Required: Unauthorized Letter and Violation of Medicaid Referrals Leading to Neglectful Abuse of a Vulnerable Consumer****

Dear CT DSS Commissioner and Ms. Amy Dumont, COU Community Options Unit,

I am compelled to bring to your immediate attention more an egregious incident involving CBT Behaviorist Ms. Nichole Collins and a letter presented to the vulnerable consumer under the Medicaid ABI Waiver Program during the surprise ABI Waiver Team meeting . This action, which is in clear violation of Medicaid referrals, has serious implications and constitutes neglectful abuse of an individual living with a brain injury.

****Details of the Incident:****

Ms. Nichole Collins presented a letter to the consumer for later reference, misleading the consumer by presenting she and the Supported Living Group are the consumer's sole resources for acquiring CBT, or no CBT services and dismissing other approved providers. This letter is not in alignment with the

approved provider list and is misleading, offering an apparent ultimatum: to either engage with the Supported Living Group or forgo receiving any CBT services.

Legal and Ethical Implications:

1. **Violation of Medicaid Referrals:**

Presenting referral options to a consumer is a direct violation of Medicaid standards and procedures. This violates care management consultation services.

2. **Neglectful Abuse:**

Providing false information to an individual living with a disability, thereby limiting their access to approved service providers, constitutes neglectful abuse.

3. **Manipulation and Exploitation:**

The false presentation of available resources manipulates the consumer's understanding of available services and exploits their vulnerability due to lack of correct information.

4. **Breach of Trust and Professional Misconduct:**

Such deceptive actions undermine the trust between service providers and consumers and tarnish the integrity of the program.

Immediate Actions Required:

1. **Thorough Investigation:**

An immediate and meticulous investigation into the incident and the contents of the unauthorized letter is crucial.

2. **Strict Action Against Violators:**

Appropriate punitive measures against Ms. Nichole Collins and any involved parties disseminating false information to uphold the integrity of Medicaid programs.

3. **Corrective Measures:**

Rectification of misinformation provided to the affected consumer and reassurance regarding access to all approved providers.

4. **Consumer Support**

Immediate support to alleviate the distress and confusion caused by this incident.

5. **Program Audit:**

A comprehensive audit of current practices to identify and rectify any similar misconduct and to ensure strict adherence to the Federally Funded Medicaid ABI Waiver Program approved provider lists and referral procedures.

Conclusion:

This incident is not only a grave violation of Medicaid referral procedures but is also a stark example of the neglectful abuse of a vulnerable individual living with a disability. I implore you to treat this matter with the utmost seriousness and urgency it deserves and undertake immediate action to

investigate and rectify this serious breach of conduct, ensuring such incidents do not recur, and maintaining the integrity and trust in the Medicaid ABI Waiver Program.

I request to be kept informed about the developments and the corrective measures implemented in this regard.

Thank you for your prompt attention to this critical issue. I am hopeful for a swift and just resolution to protect the rights and well-being of all consumers and providers under the Medicaid programs.

Sincerely,
David Medeiros

Subject: Subject: Urgent Complaint and Request for Investigation: Abusive and Manipulative Conduct under Medicaid ABI Waiver Program

Dear Commissioner [Commissioner's Last Name] of the Connecticut Department of Social Services and Ms. Amy Dumont of the COU Community Options Unit,

I am reaching out as a concerned representative of ABI Resources to formally lodge a complaint and request an immediate investigation and rectification of grievous misconduct, potential abuse, and manipulation observed under the Medicaid ABI Waiver Program.

I have been approached by a distressed consumer of the program who receives services from CBT Behaviorist Ms. Nichole Collins. The consumer reported a deeply troubling incident today, resulting from a surprise ABI Waiver program team meeting with a Connecticut Community Care manager consultant. This consumer was subjected to deceptive and potentially abusive behavior during this unexpected confrontation.

Incident Overview:

Ms. Nichole Collins reportedly informed the client that she is currently aligned with the Supported Living Group and explicitly stated her refusal to cooperate with Mr. David from ABI Resources due to a personal dislike. The consumer, in turn, was left distressed, confused, and worried as Ms. Collins made false statements, asserting, "David reported me to the state" and "David said I did a bunch of things I never did," concluding with, "I will not ever work with David." "However, I work with the Supported Living Group, and they provide the same ABI Waiver Program services as ABI Resources."

Alarming, the care management consultant present did not intervene to rectify this misleading guidance, leaving the consumer feeling vulnerable and questioning his relationships with ABI Resources, David, and his care manager consultant. This incident constitutes severe misconduct and necessitates immediate attention to ensure the emotional and psychological well-being of the consumer involved.

Legal and Ethical Implications:

This situation raises substantial concerns regarding:

Consumer Abuse and Exploitation: Misleading a brain-injured disabled adult and manipulating their perceptions is abusive and exploitative.

Violation of Professional Standards: Falsifying information and failure to maintain professional relationships compromise adherence to professional and ethical standards.

Breach of Trust: The incident has severely impaired the trust between the service providers and the consumer, undermining the integrity of the program.

Requested Actions:

Immediate Investigation: A thorough and swift investigation into this incident to ascertain the truth and implement corrective measures.

Review of Similar Incidents: An examination of other cases within the Medicaid ABI Waiver Program to ensure no other consumers are experiencing similar abuse or manipulation.

Comprehensive Audit: An audit of all Medicaid programs receiving federally funded managed consultation services to ensure compliance with legal and ethical standards.

Reassurance to Affected Consumers: Immediate steps to reassure and support the affected consumer and rectify any misinformation or damage caused by the alleged misconduct.

Notification to Higher Authorities:

Given the serious nature of the misconduct and potential abuse in question, I believe it is crucial for the Connecticut Department of Social Services to escalate this complaint to the following:

Department of Health & Human Services (HHS)

Centers for Medicare & Medicaid Services (CMS)

Division of Healthcare Policy (DHP)

Office for Civil Rights (OCR)

Connecticut Department of Public Health (DPH)

Adult Protective Services (APS)

Connecticut Office of the Attorney General

Their involvement is crucial to ensuring thorough evaluation and implementation of necessary corrective measures across all relevant programs and services, guaranteeing that consumer rights and well-being are staunchly protected under federal law.

This will ensure that not only are the abuses within the Medicaid ABI Waiver Program appropriately addressed but also serve to reinforce compliance, transparency, and adherence to the highest standards of care and professional conduct throughout the related federally funded services.

The swift involvement of these entities would signify a commitment to upholding the rights and well-being of consumers, reinforcing trust in the Medicaid programs and services, and ensuring such grievous incidents do not occur in the future.

I trust that the Connecticut Department of Social Services will consider this recommendation seriously and act promptly in involving the appropriate federal entities to address and rectify the aforementioned concerns and to fortify the integrity of the services provided to all consumers under the Medicaid programs.

Conclusion:

Addressing this grave misconduct immediately is imperative to prevent further distress to the concerned consumer and to maintain integrity and trust in Medicaid programs and services. Such manipulative and abusive behaviors must be promptly eradicated, with stringent measures implemented to ensure the protection and well-being of all consumers of federally funded programs.

I implore you to treat this matter with the utmost urgency and severity it warrants and to keep me informed about the progress and outcomes of the investigations and remedial actions taken.

Thank you for your immediate attention to this critical matter. I look forward to your prompt response and resolution.

Sincerely,
David Medeiros

Thank you Marihonor,

I hope this email finds you well. I am reaching out to inquire about the ACR Provider List and our listing on it. I noticed that several agencies are listed 3 to 4 times with the same information, and I was wondering if ABI Resources may do the same? Would ACR please list ABI Resources on the ACR Provider List in the same manner as other agencies listed 3 to 4 times with the same information? **The directory is produced by program. ABI Resources participates in the ABI Program and appears on that directory only.**

What is the process for being listed at the top of the ACR Provider List and how may ABI Resources ensure that we are consistently listed at the top of the list? **The directory is sorted by alphabetical order.**

As a reputable agency, we would like to ensure that our services are easily accessible to those seeking care, and being listed at the top of the provider list would help us achieve this goal. Therefore, I would appreciate any information you can provide on how this process works and what we can do to be listed at the top consistently. **The directory is sorted by alphabetical order**

Additionally, the ACR PIU document provided does not show areas and locations, which raises the concern that ABI Resources may not be listed for all areas. Therefore, I would like to ensure that we are listed for all areas to better serve our clients. **ABI Resources is listed for statewide services as indicated on the directory page I sent you on Friday.**

Furthermore, the ACR PIU document provided does not show service types, including PCA services. As ABI Resources offers a wide range of services, I would like to ensure that we are listed for all services, including PCA services, to make it easier for our clients to find us and access the care they need. **We have you in our system for the ABI Program only. If you wish to add the PCA Program, please send in current copies of your insurance certificates (liability, WC, theft) and your DCP. We will process your request and send you the letter you will need to enroll for PCA Waiver billing.**

Lastly, we would like to inquire about the accessibility of the ACR Provider List to the public and what steps consumers need to take to access the list? **Per DSS directive, the directory is not for public view. It is for program participants/ reps and DSS care managers**

As a provider of services, we would like to ensure that our clients and potential clients can easily access the list to find the services they need. Therefore, I would appreciate it if you could provide information on the accessibility of the list and any steps that consumers need to take to access it. **It is not for public view**

Would it be possible for you to provide us with the link to the public ACR Provider List, so we may share it with our clients and make it easier for them to access? **There is no link to the Provider Directory that Allied produces and maintains**

Please let me know if there are any steps we need to take to update our listing or if you require any additional information from us.

Thank you for your time and consideration.

All the best,
David Medeiros

Dear Erin,

It is important for me to apologize and ask for your forgiveness, I am sorry. I would like to express my gratitude for your previous response on March 13th. Your assistance and guidance have been valuable to me, and I truly appreciate your willingness to help.

As a TBI (Traumatic Brain Injury) survivor of 45 years and a recent stroke survivor, I sometimes have a hard time reading between the lines, making assumptions, and clearly communicating requests. I understand the importance of providing the best possible care and support for our clients and staff. In order to further enhance my understanding of the CCC process, I requested more clarity on certain aspects of the program. My goal is to utilize this information to better serve the individuals under our care and to contribute effectively to the growth of our community.

I understand that you have mentioned directing further programmatic questions to the Department of Social Services. However, I was hoping you could provide some initial guidance or point me in the right direction before I approach the department. DSS has established your agency team as our first point of contact. Your insights, based on your experience and expertise, would be invaluable in helping me navigate this process more efficiently.

My aim is to gather as much knowledge as possible to ensure that our practices are aligned with the broader goals and initiatives of the greatest good. As we both share a deep commitment to supporting TBI survivors, I believe that working together and exchanging information can be a crucial factor in achieving the best outcomes for our clients and staff.

Thank you in advance for your time and consideration. Hi David,

The below was brought to my attention by Julia Evans Starr. I responded to your initial inquiry on March 13th and felt I was forthcoming in my response. As I mentioned then, additional programmatic questions should be directed to the Department of Social Services. The nature of these questions are much more global than CCC internal practices/processes.

Have a nice day,

We kindly request that these concerns be brought to the attention of the Board of Directors at the earliest opportunity, as they directly affect our mutual mission to serve the community. We believe that addressing these questions and concerns will not only strengthen our collaboration but also ensure that the individuals we serve receive the highest quality of care and support.

The lack of response to our inquiries is causing growing concerns for numerous reasons, particularly in relation to the well-being of Medicaid consumers and providers. This situation not only impairs our capacity to offer optimal care to our clients, but it also casts doubt on the effectiveness of communication and collaboration between our organizations, as well as the ability of care managers to effectively provide for the Medicaid waiver brain injured population while ensuring the rights of the person served are adhered to. It is vital to address these concerns swiftly to preserve trust and nurture a positive working relationship moving forward. At ABI Resources, we are committed to partnering with your organization to develop practical solutions to the challenges faced by Medicaid consumers. By working together, we can make a meaningful difference and enhance the quality of care provided to these individuals, ultimately improving their well-being and overall experience.

Please provide a timeline for when we can expect a response to the aforementioned inquiries. We appreciate your attention to this matter and look forward to a productive dialogue.

Thank you for your cooperation.

Sincerely,

David Medeiros

Request for Investigation: ABI Waiver Program Consumer Employment Concerns at Supported Living Group (SLG)

ABI RESOURCES 860 942-0365 <aabiwr@live.com>

To: Commis DSS <commis.dss@ct.gov>; Amy Dumont <amy.dumont@ct.gov>

To: The United States Department of Labor (DOL), Connecticut Department of Labor, and Connecticut Department of Social Services.

Subject: Request for Investigation: Employment Concerns at Supported Living Group (SLG)

Dear Sir/Madam,

The information presented in this letter is based on joint communications and inputs received both from the said consumer and their conservator. It is intended to ensure that relevant authorities are made aware of potential concerns for their due consideration and investigation. Neither David Medeiros, ABI Resources, nor any affiliated entities or individuals claim full accuracy of the details however believe that they warrant the attention of the mentioned authorities. The representation of facts is made in good faith, and it is hoped that any action taken in response is with the objective of ensuring fair and just employment practices for all individuals involved.

I am writing to formally express concerns and request an investigation into the employment practices at the Supported Living Group (SLG) located in the Executive Office of Bethany, 23 Amity Rd, Bethany, CT 06524. The details provided below pertain to a brain-injured adult man from Madison, CT who may appear to be both a consumer and employee of SLG's Medicaid federally funded ABI Waiver day program.

Employment Details:

Wage and Hour Standards: The consumer works approximately 21 hours a week but may appear to be compensated at a rate of just \$10 a day. This does not meet the federal minimum wage standards. The format of this payment (cash or check) may appear to be unclear, which can raise concerns about wage documentation and tax implications.

Workplace Safety and Health: The consumer's duties involve several physically demanding tasks. The consumer aids with PCA services, which include assisting other consumers to the restroom, setting up commodes, and transferring them to and from these commodes. The consumer also aids attendees prone to falling and even assists in lifting these individuals from the floor. Given his own health challenges due to a spinal cord injury, these tasks pose significant risks. The consumer may appear to be advised against heavy lifting and has balance and impulsivity issues, which compound the health and safety risks. It's imperative to assess if this environment may appear to be compliant with Occupational Safety and Health (OSHA) regulations.

Employment and Training: The consumer was handed supervisory duties with minimal instructions, potentially jeopardizing the welfare of both himself and those the consumer oversees.

Workplace Discrimination: The potential exploitation due to his disability, given the disparity between his responsibilities and his compensation, may appear to be concerning.

Employee Benefits Security: The ambiguity about his employment status raises questions on whether the consumer receives any employee benefits.

Unemployment Insurance and Workers' Compensation: With unclear employment details and payment methods, there's uncertainty about his coverage under unemployment insurance or workers' compensation in case of a workplace incident.

Motivation and Future Prospects:

The consumer's commitment to his role, despite the challenges, seems largely influenced by the \$10 daily pay and the potential promises of full-time employment after a year with SLG.

Communication and Conflict of Interest:

It seems there may have been some level of coercion or undue influence in the consumer's appointment to this role.

A significant conflict of interest exists, as the consumer's ABI Waiver cognitive behaviorist provider may appear to be also an SLG employee, which can hinder transparent communication about workplace grievances or concerns.

Attendees' Profile:

The attendees, supervised by the consumer, are brain injury survivors with behavioral challenges, making the consumer's responsibilities even more demanding given his own health issues.

Conclusion:

The concerns outlined underscore potential breaches in labor standards and regulations for Connecticut's Medicaid ABI Waiver day programs. The potential exploitation, safety hazards, and conflicts of interest necessitate a comprehensive investigation into SLG's employment practices to ensure the rights and welfare of all its workers, including this specific consumer, are upheld.

Sincerely,

David Medeiros

Urgent: Investigation Request Regarding Ethical Concerns with Connecticut Community Care's Practices

ABI RESOURCES 860 942-0365 <aabiwr@live.com>

Mon 9/11/2023 2:59 PM

To: Commis DSS <commis.dss@ct.gov>; Amy Dumont <amy.dumont@ct.gov>

09/11/2023

Dear DSS Commissioner and Amy Dumont, DSS COU.

I hope this email finds you well. I am writing to you on behalf of ABI Resources to address a matter in light of the serious and pressing concerns raised by our clients regarding the practices of Connecticut Community Care (CCC) consultation services to the ABI Waiver program and potential unethical conduct. Specifically, a recurring pattern has been identified where consultation services seem to unduly direct consumers DS and AP toward the agency provider, New Day, facilitated by Ms. Luisa DiNino-Jones. Such actions compromise the core values of person-centered care services as well as efforts to jeopardize ABI Resources' services and reputation as a respected provider.

There have been instances indicating possible consumer discriminatory communications, whether over the phone or via email. This further complicates matters, hindering the ability of ABI Waiver program consumers to make informed decisions. Such conduct not only jeopardizes the integrity of ABI Resources care system but might also verge on discriminatory actions against these consumers.

Consumer DS has made numerous attempts to schedule a Team Meeting to address these concerns, yet no such meeting has been organized by care management. DS shares that care management has repeatedly dictated her choice of providers, steering and excluding the consumer from the decision-making process. Disturbingly, DS has also mentioned receiving derogatory remarks from the care manager, sharing that the consumer is insulted by continuously referencing her as grossly morbidly obese in a derogatory manner.

Consumer AP shares that the care manager often misrepresents their role, posing as the consumer's medical therapeutic provider. The consumer shares that there continue to be instances of wrongful diagnosis, with claims from the care manager of the consumer having manic episodes as well as inaccurate information being reported to the consumer's family via email. The consumer shares that this seems to be an attempt to establish some sort of historical form of legal conservatorship over AP. Consumer AP share that care management has made statements about the consumer's religious beliefs. Lastly, the consumer shares that care management inappropriately comments on the consumer's past relationships in a negative way to others.

Given the severity of these concerns, we at ABI Resources formally request that the Department of Social Services (DSS) initiate a comprehensive investigation into these allegations. It is imperative to uphold the integrity and fairness of services offered to ABI Waiver program consumers.

To address these issues and protect the interests of consumers, we suggest the following measures:

Immediate Investigation: Initiate a neutral investigation into the practices of Connecticut Community Care consultation services, with a focus on referrals to New Day through Ms. Luisa DiNino-Jones.

Immediate Investigation: Initiate a neutral investigation into the practices of Connecticut Community Care consultation services, with a focus on the number of probate conservator referrals involving Ms. Luisa DiNino-Jones.

Strengthen Oversight: Augment oversight mechanisms to ensure consultation services adhere to person-centered care principles.

Enhance Communication Transparency: Establish guidelines mandating consultation services to present transparent, unbiased information to and with consumers, guaranteeing they are included and informed with documentation for consumers to reference.

Training and Awareness: Organize regular training for consultation service providers emphasizing ethical conduct, transparency and person-centered care.

Open Reporting Channels: Develop an efficient, anonymous system for whistleblowers and other consumers to report potential wrongdoing.

Regular Audits: Implement periodic audits to assess the compliance of consultation services with DSS standards and values.

Sanctions and Penalties: Enforce stricter repercussions for services that contravene DSS standards and guidelines.

Contact CMS: Initiate a thorough investigation into the consumer's ABI Waiver Program service plan and to ascertain if other consumers are experiencing similar.

Ensuring the concerns detailed herein are swiftly addressed is critical to preserving safety as well as the integrity and purpose of the ABI Waiver Program.

We urge Connecticut DSS to prioritize this matter and ensure proper measures are taken to rectify the situation. Lastly, ABI Resources requests follow-up information as to how the Department of Social Services has addressed this.

Thank you,

David Mederios

Urgent Request for Resolution: Persistent Issues within Medicaid ABI Waiver and MFP Programs

Dear Officials of the Connecticut Department of Social Services,

I hope this correspondence finds you in good health and spirits. I am David Medeiros, a representative of ABI Resources, an approved agency provider within the Medicaid ABI Waiver Program. In addition to my professional role, I have personal experience as a survivor of brain injury and stroke. This dual perspective motivates me to urgently bring forth significant concerns and challenges that seem to have been systematically overlooked or potentially disregarded by the Department of Social Services (DSS). I have witnessed the evolution of the Medicaid ABI Waiver Program from its inception, experiencing firsthand its developments and, regrettably, its ongoing challenges. The program has long operated without the necessary structured policies and procedures, leading to minimal management of standards of care and considerable distress for consumers.

I, together with ABI Resources, have unfortunately faced multiple instances requiring us to notify DSS and COU about grave safety issues, mismanagement of consumer programs, considerable challenges, and ensuing concerns. It is distressing to acknowledge that our earnest appeals for resolution and proper treatment of our consumers, especially those within the federally funded Medicaid ABI Waiver and the Money Follows the Person (MFP) programs, seem to be either inadequately addressed or outright ignored.

The origin of these issues remains ambiguous--whether they are a result of miscommunication, preplanned or intentional withholding of information, or whether they are indicative of broader structural issues within DSS contributing to the recurring complications. Hence, we formally urge Connecticut DSS to facilitate transparent communication among its various departments, associated governmental authorities, and resources. Establishing such open dialogues is imperative for ensuring justice and essential support to the disabled population dependent on Medicaid ABI Waiver Program services. It is critical that the concerns of consumers and ABI Resources are properly recognized, resolved, and preventive measures are instituted to avert future occurrences.

Our attempts at communication, notably with Commissioner and COU's Ms. Amy Dumont, have regrettably been unsuccessful, potentially owing to the severity and complexity of the highlighted issues requiring substantial resources to address. ABI Resources and I extend our unwavering cooperation and support to DSS, committed to addressing these significant challenges and ensuring that resolutions are not merely identified but are effectively enacted to prevent the repetition of historical, consistent challenges.

We earnestly request the department to allocate the necessary resources to ensure the welfare and protection of the consumers of the ABI Waiver program. A comprehensive review of our previous communications to Commissioner and COU Ms. Amy Dumont is crucial, and we anticipate a cooperative initiative to develop enduring solutions to these critical concerns.

ABI Resources and I stand ready to meet at your earliest convenience to deliberate on these matters in detail and expedite the resolution process, safeguarding the well-being of those we serve. Please inform us of a convenient time for you or the suitable representative, and we will make the necessary arrangements.

We sincerely hope for your understanding, immediate attention, and decisive action on this crucial matter to uphold the rights, dignity, and safety of the consumers under our purview.

We thank you for your time, consideration, and anticipated cooperation.

Yours sincerely,

David Medeiros

NOTICE TO COMPLAINANTS AND OTHER INDIVIDUALS ASKED TO SUPPLY INFORMATION TO THE OFFICE FOR CIVIL RIGHTS

Privacy Act

The Privacy Act of 1974 (5 U.S.C. §552a) requires OCR to notify individuals whom it asks to supply information that:

— OCR is authorized to solicit information under:

- (i) Federal laws barring discrimination by recipients of Federal financial assistance on grounds of race, color, national origin, disability, age, sex, religion under programs and activities receiving Federal financial assistance from the U.S. Department of Health and Human Services (HHS), including, but not limited to, Title VI of the Civil Rights Act of 1964 (42 U.S.C. §2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794), the Age Discrimination Act of 1975 (42 U.S.C. §6101 et seq.), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), and Sections 794 and 855 of the Public Health Service Act (42 U.S.C. §§295m and 296g);
- (ii) Titles VI and XVI of the Public Health Service Act (42 U.S.C. §§291 et seq. and 300s et seq.) and 42 C.F.R. Part 124, Subpart G (Community Service obligations of Hill-Burton facilities);
- (iii) 45 C.F.R. Part 85, as it implements Section 504 of the Rehabilitation Act in programs conducted by HHS; and
- (iv) Title II of the Americans with Disabilities Act (42 U.S.C. §12131 et seq.) and Department of Justice regulations at 28 C.F.R. Part 35, which give HHS "designated agency" authority to investigate and resolve disability discrimination complaints against certain public entities, defined as health and service agencies of state and local governments, regardless of whether they receive federal financial assistance.
- (v) The Standards for the Privacy of Individually Identifiable Health Information (The Privacy Rule) at 45 C.F.R. Part 160 and Subparts A and E of Part 164, which enforce the Health Insurance Portability and Accountability Act of 1996 (HIPAA) (42 U.S.C. §1320d-2).

OCR will request information for the purpose of determining and securing compliance with the Federal laws listed above. Disclosure of this requested information to OCR by individuals who are not recipients of federal financial assistance is voluntary; however, even individuals who voluntarily disclose information are subject to prosecution and penalties under 18 U.S.C. § 1001 for making false statements.

Additionally, although disclosure is voluntary for individuals who are not recipients of federal financial assistance, failure to provide OCR with requested information may preclude OCR from making a compliance determination or enforcing the laws above.

OCR has the authority to disclose personal information collected during an investigation without the individual's consent for the following routine uses:

- (i) to make disclosures to OCR contractors who are required to maintain Privacy Act safeguards with respect to such records;
- (ii) for disclosure to a congressional office from the record of an individual in response to an inquiry made at the request of the individual;
- (iii) to make disclosures to the Department of Justice to permit effective defense of litigation; and
- (iv) to make disclosures to the appropriate agency in the event that records maintained by OCR to carry out its functions indicate a violation or potential violation of law.

Under 5 U.S.C. §552a(k)(2) and the HHS Privacy Act regulations at 45 C.F.R. §5b.11 OCR complaint records have been exempted as investigatory material compiled for law enforcement purposes from certain Privacy Act access, amendment, correction and notification requirements.

Freedom of Information Act

A complainant, the recipient or any member of the public may request release of OCR records under the Freedom of Information Act (5 U.S.C. §552) (FOIA) and HHS regulations at 45 C.F.R. Part 5.

Fraud and False Statements

Federal law, at 18 U.S.C. §1001, authorizes prosecution and penalties of fine or imprisonment for conviction of "whoever, in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry".

PROTECTING PERSONAL INFORMATION IN COMPLAINT INVESTIGATIONS

To investigate your complaint, the Department of Health and Human Services' (HHS) Office for Civil Rights (OCR) will collect information from different sources. Depending on the type of complaint, we may need to get copies of your medical records, or other information that is personal to you. This Fact Sheet explains how OCR protects your personal information that is part of your case file.

HOW DOES OCR PROTECT MY PERSONAL INFORMATION?

OCR is required by law to protect your personal information. The Privacy Act of 1974 protects Federal records about an individual containing personally identifiable information, including, but not limited to, the individual's medical history, education, financial transactions, and criminal or employment history that contains an individual's name or other identifying information.

Because of the Privacy Act, OCR will use your name or other personal information with a signed consent and only when it is necessary to complete the investigation of your complaint or to enforce civil rights laws or when it is otherwise permitted by law.

Consent is voluntary, and it is not always needed in order to investigate your complaint; however, failure to give consent is likely to impede the investigation of your complaint and may result in the closure of your case.

CAN I SEE MY OCR FILE?

Under the Freedom of Information Act (FOIA), you can request a copy of your case file once your case has been closed; however, OCR can withhold information from you in order to protect the identities of witnesses and other sources of information.

CAN OCR GIVE MY FILE TO ANY ONE ELSE?

If a complaint indicates a violation or a potential violation of law, OCR can refer the complaint to another appropriate agency without your permission.

If you file a complaint with OCR, and we decide we cannot help you, we may refer your complaint to another agency such as the Department of Justice.

CAN ANYONE ELSE SEE THE INFORMATION IN MY FILE?

Access to OCR's files and records is controlled by the Freedom of Information Act (FOIA). Under FOIA, OCR may be required to release information about this case upon public request. In the event that OCR receives such a request, we will make every effort,

as permitted by law, to protect information that identifies individuals, or that, if released, could constitute a clearly unwarranted invasion of personal privacy.

If OCR receives protected health information about you in connection with a HIPAA Privacy Rule investigation or compliance review, we will only share this information with individuals outside of HHS if necessary for our compliance efforts or if we are required to do so by another law.

DOES IT COST ANYTHING FOR ME (OR SOMEONE ELSE) TO OBTAIN A COPY OF MY FILE?

In most cases, the first two hours spent searching for document(s) you request under the Freedom of Information Act and the first 100 pages are free. Additional search time or copying time may result in a cost for which you will be responsible. If you wish to limit the search time and number of pages to a maximum of two hours and 100 pages; please specify this in your request. You may also set a specific cost limit, for example, cost not to exceed \$100.00.

Subject: Inquiry Regarding Client's Option to Change Agency Service or Care Management Provider. MFP, ABI and PCA Waivers.

Hello Erin,

Thank you for taking the time to read this email. As a provider of quality care for the brain-injured population, ABI Resources is deeply committed to upholding the highest standards of person-centered care and client rights. In line with this commitment, we are writing to inquire about the process involved in the event a client wishes to change an agency service provider or care management provider.

We understand that clients may sometimes feel uncomfortable with their current care manager or agency service provider, or may wish to have a different care management agency provider for any reason. We would like to know if clients have the option to request and receive a different agency service provider, care manager, or care management agency provider. If so, we would like to understand the process and how the rules of person-centered care and client rights are applied in such situations.

Furthermore, we would like to understand how this request is officially implemented.

- a. If a client wishes to document their request, what specific form or documentation must a client complete?
- b. What steps must they take to ensure that their request is successfully processed?
- c. Does the client sign an official request to change agency service providers, a care manager, or care management agency?
- d. Is this signed document provided to the current provider?
- e. Where can clients locate these documents?
- f. Is this document provided to the client by care management? and how does care management provide request forms such as these?
- g. What periods for notices are implemented?
- h. In the event that a client is uncomfortable with making this request directly to their care manager, agency service provider, or care management provider, how may the client do so?

As a valued partner in providing quality care to the brain-injured population, we understand that some clients may request the option to change care managers, agency service providers, or care management providers. It is essential for ABI Resources to better understand this process to ensure that our clients receive the best possible person-centered care and rights of the person served. We appreciate any information you can provide us on this matter to help us better serve our mutual clients.

Thank you again for your time and consideration, and we look forward to hearing from you soon.

All the best,
David Medeiros

Subject: Subject: Comprehensive Inquiry: Referral Process, Provider List, and Care Manager's Role

Dear Erin,

Thank you for your prompt and informative response to my inquiry about Connecticut Community Care's referral process. I appreciate the detailed explanation you provided and the clarification on the provider selection criteria.

I understand that Amy Dumont from DSS will be able to address my questions regarding documentation and eligibility. I look forward to her input on these matters.

In the meantime, I have some additional questions for you. Can you please elaborate on the electronic randomization process used for provider selection when a client does not indicate a preference? I am curious to learn more about how the system works to ensure a fair distribution of referrals. I have a few additional questions to help me better understand the referral system:

Provider List:

- a. Approximately how many agency providers are currently in the Connecticut Community Care referral system? Understanding the number of providers in the system will give me a better idea of the diversity and range of options available to clients.
- b. Who provides Connecticut Community Care with the list of agency providers included in the referral system? Is there a specific department or organization responsible for maintaining and updating the list of providers?
- c. How often is the list of agency providers updated? Is there a regular schedule or is it updated on an as-needed basis?
- d. How may we ensure that ABI Resources is listed within the system for all areas and services? May I see how ABI Resources is listed within your system?

Electronic System:

- a. What is the name of the electronic system used for randomizing provider selection when a client does not indicate a preference?
- b. Can you please elaborate on the electronic randomization process used for provider selection to ensure a fair distribution of referrals?
- c. Who is responsible for managing the referral system and ensuring its smooth operation? Is there a specific department or organization responsible for maintaining and updating the list of providers?
- d. Could you please elaborate on how the selected provider is presented to the care manager? Additionally, how is this selection subsequently presented to the client? Are there specific steps or protocols followed to ensure clients are fully informed and understand their options?

Regarding the role of care managers in the process:

- a. What is the care manager's role in presenting agency providers, such as ABI Resources, to clients during the referral process?
- b. How do they ensure that clients are well-informed and make the best choice based on their needs and preferences?
- c. Do all care managers have access to the electronic system used for provider selection? If so, are they able to operate the system independently, or is there a specific protocol they must follow? Could you please elaborate on the level of involvement and autonomy care managers have when utilizing the electronic system during the referral process?

I want to take a moment to emphasize how much we value the information you have provided and will continue to provide about Connecticut Community Care's referral process. This knowledge not only helps ABI Resources better navigate and understand the system, but it also enables us to more effectively serve the brain injury population.

By comprehending the intricacies of the referral process, we can work closely with care managers, adapt our services to meet clients' specific needs, and ensure that clients are presented with the most accurate and relevant information about ABI Resources. This collaborative approach is essential in empowering clients to make informed decisions about their care, which ultimately contributes to better outcomes for those affected by brain injuries.

Once again, thank you for your ongoing assistance and dedication to helping us serve the brain injury community more effectively.

Understanding the involvement of care managers in the process will help us better collaborate with them and support clients effectively. Your insights are greatly appreciated, I look forward to your response and any additional insights you can provide on this topic.

Subject: Immediate Action Required: Solicitation and Protocol Violations by ABI Waiver Behaviorist Nichole Collins.

To the attention of: DSS Commissioner and Amy Dumont, DSS / COU.

I trust this message finds you well.

In reference to our recent meeting, we, at ABI Resources, are writing with an escalating concern regarding a repeated breach of protocol by one of the ABI Waiver Behaviorists, Ms. Nichole Collins. Her continued actions are compromising not only the integrity of our client support system but also that of the Medicaid ABI Waiver program. Today's discovery is yet another additional request for DSS intervention.

It has been observed, reported and documented that Ms. Collins, in her role as a behaviorist, has been directing case management activities and implementing care plans without appropriate consultation or consensus, which are strictly against the established procedures of the ABI Waiver program. Her unilateral decisions and actions have violated the program's guidelines and potentially endangered consumer safety.

Additionally, her actions have involved unilaterally referring and transitioning a client to an agency of her choice, an act that unequivocally constitutes solicitation and an explicit violation of the ABI Waiver protocols. This approach not only infringes on the client's rights to explore all appropriate options but also has created unnecessary conflicts of consumer safety. Her repeated advocacy for preferred agencies, which has been shared with the conservator, is beyond the bounds of her role and is, quite frankly, unacceptable.

In line with the regulations specified by Sec. 17b-260a-17, we are formally requesting that the Department of Social Services (DSS) and the Chief Operating Unit (COU) urgently investigate this matter. It is clearly articulated in this section that providers must adhere strictly to the stipulated guidelines, with failure to do so leading to potential repercussions, including the termination of the provider's service contract, removal from the Provider Directory, or disqualification as a provider.

Our primary concern is to ensure the safety, well-being, and best interests of our clients. In pursuit of this, we hereby request the removal of Ms. Nichole Collins from the Waiver program based on the grievances described above and in compliance with Sec. 17b-260a-17.

We trust in your commitment to uphold the integrity of the DSS ABI Waiver program, ensuring its operations remain fair, transparent, and fundamentally client-focused. Should you require any further information or documentation pertaining to this matter, we stand ready to provide the same.

We look forward to your prompt action in this regard.

Thank you for your immediate attention to this matter.

Sincerely,

David Medeiros

Dear Erin,

I am writing to you on behalf of ABI Resources to formally inquire about the status of our previous correspondence concerning your Care Manager, Doreen Andrews. As a reputable provider of services to individuals receiving Medicaid waiver program services, we are deeply committed to ensuring that the care and treatment provided to our clients and care teams are of the highest standard.

Regrettably, we have yet to receive any follow-up regarding the information we requested in August of 2022, which has given rise to growing concerns on our part regarding the lack of communication and progress on this matter. We are gravely concerned that the lack of resolution to this matter may have a detrimental impact on the community of individuals we mutually serve. As such, we deem it necessary that this matter receives your urgent attention.

The handling of this challenge has resulted in significant expenses and financial challenges for ABI Resources. Therefore, we are requesting an immediate update on the status of our inquiry and investigation into this matter. Additionally, we would appreciate clarification as to why we have not received a follow-up regarding our initial inquiry.

Please be advised that we take matters such as these very seriously, and we expect a prompt response to these concerns. ABI Resources is committed to establishing a positive and professional relationship with your organization, and we strongly believe that clear communication is vital to resolving challenges like these.

We appreciate your attention to this matter and look forward to hearing from you soon.

Sincerely,

David Medeiros
